Security at Cisco

Cisco.com

The screenshot shows a Netscape browser window displaying the Cisco Security website. The browser's address bar shows the URL <http://www.cisco.com/security/>. The website header includes the Cisco Systems logo, navigation links for Home, Login, Register, and Site Help, and a search bar. A dropdown menu for 'Select an Area' is visible. The main content area features a quote from John Chambers, CEO of Cisco, emphasizing the company's commitment to network security. The quote reads: "I truly believe that Cisco is uniquely positioned to deliver robust, scalable, and innovative security solutions. Because we at Cisco view security as an integrated process, we understand the requirements necessary to implement a secure, robust networking environment. Our goal is to minimize risk while maximizing productivity opportunities through integrated network security solutions." The quote is attributed to John Chambers. The website also includes a 'What's New' section with a link to 'Protecting Productivity and Reducing Costs', a 'Related Events' section with links to 'Product Security Advisories' and 'Report Security Incidents', and a 'Security Sections' section with links to 'Critical Infrastructure Assurance', 'Education & Training', and 'Homeland Security'. A 'Toolkit' section is also visible, along with 'Related Links' for Learning & Events, Networking Solutions, and Products & Services.
